

MINUTES OF CASE COMMITTEE MEETING
HELD JUNE 8, 1965

Present: Mr. Schein
Mr. Angell
Mrs. Rosenberg
Mrs. Warren

Miss Voigt
Mrs. Casey
Mr. Favale
Mr. Kilduff

Mrs. Casey reported on the work of the agency in the Newark-Victoria Plan at the Cleveland School. The committee has been kept abreast of our activities in this Plan from its inception and has been informed of the problem motivating parents to participate. In line with this, the committee was interested in the problems encountered when several agencies are working together on a single project.

The Case Committee also discussed a report from Mrs. Warren in regard to a meeting Mr. Favale and she recently attended, which was an outgrowth of a meeting of agency executives of the North Essex area, who had met at the North Essex Child Guidance Clinic on Friday, May 14th, for the purpose of discussing plans for organizing, training and using a pool of volunteers. Out of this came the suggestion that Board members from various agencies should be invited to a meeting to further explore this idea. Mrs. Warren felt it was something our Board should consider, but raised question as to the specific type of volunteer being considered. Mr. Favale agreed to be the representative from Family Service Bureau in working with these North Essex area agencies, along with Mrs. Warren, and both agreed to continue their interest and explore the feasibility of the basic plan.

The Committee also was informed that all family agencies that were in the federal program entitled "Head start" were phased out of this program this year.
